Re: A & W Maintenance Inc.
PO Box 1206
Carver, MA 02330

To Whom It May Concern:

This letter is intended to serve as verification that the two-part, spray-on epoxy coating system that is marketed, sold and installed by Warren Environmental was subjected to a trial installation test by the Metropolitan Transportation Authority, Capital Construction Company in November of 2006.

As a result of the trial installation test and the subsequent pull-off tests, the Metropolitan Transportation Authority, Capital Construction Company has specified the subject product for use under one or more capital construction contracts.

Very truly yours,

A handwritten signature in blue ink, appearing to read "Michael T. Daniels".
